NATIONAL UNION OF RETAIL BANKERS

[illegible]

The graph is plotted on a grid with a horizontal axis labeled 'X' and a vertical axis labeled 'Y'. The curve starts at the top left corner of the grid and slopes downwards to the bottom right corner. The curve is smooth and continuous, with a slight change in slope around the middle of the graph. The grid lines are spaced at regular intervals, and the axes are clearly marked.

Below the graph, there is a table with several columns and rows of data. The table is organized into sections, with some rows highlighted in different colors. The data appears to be numerical values, possibly representing measurements or calculations related to the graph. The table is located at the bottom of the page, below the graph and other text.

At the bottom of the page, there is a section of text that appears to be a list or index of items. The text is organized into columns, with some items highlighted in different colors. The text is located at the bottom of the page, below the table and other text.
